

Issue 28	Miscellaneous	
Development plan reference:	New Policy	Reporter:
Body or person(s) submitting a representation raising the issue (including reference number):		
Historic Environment Scotland (PP21) Scotia Gas Networks (PP42)		
Provision of the development plan to which the issue relates:		
New Policy		
Planning Authority's summary of the representation(s):		
<p><u>Historic Environment Scotland (PP21)</u></p> <p>Historic Environment Scotland recommend that an increase in the quality and scale of mapping for ease of reference and clarity.</p> <p><u>Scotia Gas Networks (PP42)</u></p> <p>Scotia Gas Networks propose that the Proposed Strategic Development Plan includes a policy in order to provide strategic direction for the future of Gas Holder Sites.</p>		
Modifications sought by those submitting representations:		
<p><u>Historic Environment Scotland (PP21)</u></p> <p>Increase the quality and scale of mapping.</p> <p><u>Scotia Gas Networks (PP42)</u></p> <p>Insert the following policy in order to enable strategic direction for the Glasgow and Clyde Valley area when planning for the future of Gas Holder Sites.</p> <p>“Policy Hazardous Installations Hazardous installations will be identified in the Strategic Development Plan. The Council will take into account the need to incentivise and fund decommissioning as part of any redevelopment proposal through higher value land uses.”</p>		
Summary of responses (including reasons) by Planning Authority:		
<p><u>Historic Environment Scotland (PP21)</u></p> <p>Clydeplan does not accept the modification as it considers that the matter of scale and content of all diagrams to be appropriate to the strategic and indicative nature</p>		

of the Plan.

Scotia Gas Networks (PP42)

Clydeplan does not accept the modification as it considers that this matter is a site specific issue and is therefore more effectively dealt with through the Local Development Plan process.
