Development Plan Scheme

Introduction

Welcome to the latest edition of Clydeplan's Development Plan Scheme and Participation Statement.

These two documents are updated each year in March and together set out how you can learn about the latest position in respect of the new role for regional spatial planning as set out in the Planning (Scotland) Act 2019.

Clydeplan is committed to continued joint working and service improvement and is keen to work with all those who have an interest in the regional spatial planning of the Glasgow City Region.

Development Plan Scheme

The purpose of the Development Plan Scheme is to outline the steps which Clydeplan will take in support of implementing the new planning system as set out in the Planning (Scotland) Act 2019 www.legislation.gov.uk/asp/2019/13/contents/enacted in particular with regard to supporting the development of National Planning Framework 4 and the future preparation of a Regional Spatial Strategy for the Glasgow City Region.

Planning (Scotland) Act 2019

The Planning (Scotland) Act 2019 which was enacted in July 2019 removes the statutory requirement on the Glasgow City Region Local Authorities to prepare a Strategic Development Plan and replaces it with duty on local authorities to prepare a Regional Spatial Strategy (RSS).

The RSS will not form part of the statutory Development Plan which will now comprise the National Planning Framework and the Local Development Plan.

The most current Clydeplan Strategic Development Plan (2017) will remain in force until the approval of National Planning Framework 4 which is anticipated in Spring/Summer 2022.

In the interim, as required by the current statutory provisions, Clydeplan will continue to prepare its Development Plan Scheme and Participation Statement, appropriately caveated around the requirement to support the preparation of National Planning Framework 4.

In addition Clydeplan will continue to engage with key stakeholders in developing and undertaking their strategic planning activities.
